

# Northside Hester Park Steering Committee Meeting

December 1, 2011 – Cathedral High School Conference Room

Members Present: Pam Haugen, Joan Rydberg, David Mohs, Kevin Kelly, Janet Registad, Steve Lanz, John Agustin, Ellen Lies and guest Juliana Elchert

1. Juliana Elchert from the Neighborhood Coalition group was introduced. She talked about her new role in the coalition and stated one of her goals was to get to know each neighborhood group. She talked about the grants and initiative money and the reports required from each of the neighborhood committees, when the reports were due etc. She also stated that she had gone over our list of goals and stated that we had accomplished what we had stated in those goals. She also mentioned the coalition was sponsoring a leadership program and would get that information out for any one who wishes to attend. Janet said she also would forward the information. The meetings are to begin in January. Juliana also stated she would like to help us in any way she can to help our group continue, and said if we had any questions to please contact her.

2. Janet continued with the coalition report. She would work on the Bremer report and get that submitted. She would get the dates for the Healthy Neighborhoods Partnership Program and send them out for those interested.

3. Pam gave the treasures report and stated there was nothing new. She also stated she would help with the Bremer Report.

4. The Christmas decorating contest will take place on Friday, December 16 starting at 7 PM. Susie offered to be the chauffeur. Pam will send out e-mails to those on our list so they can spread the plans for the contest through the neighborhood.

5. Kelly was unable to attend the meeting so Pam gave a report on the tennis court for him. The people wanted us to pay for the repair of the courts. They were not willing to help with the cost of the repair. We felt that if they were going to be using the courts, they should help with the cost, and since these people were not of our neighborhood we should not be responsible for the repair work.

A few items to be discussed at the next meeting: the newsletter, social get-together, how to recruit new members, 4<sup>th</sup> of July, and the Home Tour. Full agenda will be sent before meeting.

Next meeting: January 5, 2012 at Cathedral High School.
